DISCOUNTED RATE TO ATTEND THE 2017 CUTTING EDGE CONFERENCE

The Underground Construction Association of SME (UCA of SME), The International Tunnelling Association (ITA) and the Tunnelling Association of Canada (TAC) are hosting a regional event for young professionals.

Those 35 and younger may use the form with this promotion to register for $350 and attend the conference.

Featuring a tailored high-end single-track program of subject-specific presentations that focus on innovation and practical experience, this two-day conference will continue the Cutting Edge tradition of in-depth technical discussion with extended question and answer time. To register at this rate, please complete the included form and return with payment no later than November 6, 2017. For more information, visit www.ucaofsmecuttingedge.com

SOUND TRANSIT’S DOWNTOWN BELLEVUE SEM/NATM TUNNEL PROJECT

The Downtown Bellevue Tunnel (E330) is a soft ground SEM/NATM tunnel for Sound Transit located in Bellevue, Washington. E330 is part of the larger East Link program that provides 14 miles of light rail to connect Downtown Seattle to Redmond. Guy F. Atkinson was awarded the E330 contract in late 2015 to construct the 38-foot diameter, 1,985 foot SEM/NATM Tunnel for $121.4 million. Hatch Mott McDonald, Jacobs Engineering, and HNTB (H-J-H) are the designers on the project. McMillen Jacobs Associates is part of the HDR team which is providing Construction Management services for the E330 project.

FIELD TRIP TO BELLEVUE TUNNEL

This trip is complimentary to participating young professionals. You do not need to register for the conference to attend this field trip but you must complete the registration form and RSVP for the trip. Space is limited.

The Cutting Edge Conference is organized in partnership with North American Tunneling Journal and the UCA of SME.
